Notes:

1) The figures listed for the institutions do not include the Debt Offset Escrow Fund.

2) Not all additional dollar amounts requested and/or recommended denote new monies; due to the removal of estimated appropriation authority, some of the increases represent additional spending authority to allow for returns to be expended or to expend existing fund balances, if applicable.

3) The 1% general revenue expenditure restrictions levied against the FY13 institution core TAFP amounts and the \$100,000 expenditure restriction to the State Historical Society were released by the Governor in February 2013, but these funds were not returned to the FY14 institution core appropriations. The 10% reduction to the \$3 million allotted to certain four-year institutions to address equity issues in funding per FTE was also released by the Governor in May.

4) The House, Senate and TAFP recommendations for the University of Missouri include a \$1 million general revenue increase for the large animal veterinary program at the University of Missouri-Columbia.
